SENATE ADOPTS RESOLUTION FOR PEACE

WILSON SPEECH READ TO THROG AT DEDICATION

REBELS PURSUE FLEEING CARRANZA

FINAL ACTION ON SOLDIER RELIEF MEASURE LOOMS

Great Episode of U. S. History Declared Closed by Completion of Memorial

PRESIDENT ALLUDES TO RECENT WORLD STRIFE

North and South Quarrel Is Revived by Lawmakers in Congressional Halls

WASHINGTON, May 15.—"The dedication of the national memorial at Arlington closes and commits to history a great episode in the making of the nation. President Wilson said in a message read at the dedication ceremonies today by Secretary of War Baker.

"Gathered into this national cemetery and elsewhere," the president said, "are most of the men who fought out the constitutional questions insoluble by other processes and now the government has set this great and beautiful building to stand like a sentinel on the banks of the Potomac and to view for all time the capital of the re-united nation.

Softening Influence.
"Time has thrown its softening influences over the controversy. Time has eliminated from our memories the bitterness which that controversy aroused, but time has only served to magnify the heroic valor of the captains and men who fought the great fight. As the nation arose, re-united, it found itself blessed with a great tradition. In these later days that tradition has served the arms of millions of Americans called upon to vindicate upon the fields of battle the principle of political liberty.

Confident of Cause.
"Who shall say whence the strength came of those matchless men. From every corner of our great country they came with one thought, that of devotion to the pure purpose for which their country called them. They lived among our allies and faced the foe as soldiers from the New World should, conscious of their strength, confident of their cause, alike unselfish and unconquerable. And I like to think that in our hour of triumph, unseen but potent, there stood beside them the spirits of the great dead, the spirits of those who originally rescued America from the political tyrannies of the Old World and dedicated and kept her free and just.

Heart Is Present.
"I cannot attend the ceremony of this dedication, but my heart is there and with my fellow countrymen everywhere, I join in grateful recognition of the virtues which this memorial commemorates and in reverent thanks to the God of nations that He has made it possible for us in this day to show the world is still baptized with a spirit of her founders and builders."

Strife Is Revived.
Section three of civil war days was revived briefly in the house today during a speech by Representative Upshaw, Democrat, Georgia, protesting against the elimination of the names of confederate generals from the roster in the memorial amphitheater at Arlington, dedicated today.

Representative Madden, Republican, Illinois, interrupted the speaker to ask:

"Does the gentleman protest because the loyal American people refuse to pay tribute to men who were traitors to their country in its hour of need?"

The question was greeted with cheers and jeers from the Republican side and jeers and catcalls from the minority section.

Representative Blanton, Democrat, Texas, immediately demanded that the words be stricken from the record.

Amid confusion the speaker called for order, and finally obtained it. The words were not stricken out and Representative Upshaw continued his speech.

SENTENCE FORGER WHO WAS CAUGHT IN UTAH

SEATTLE, Wash., May 15.—Robert Johnson, alias Dr. Robert Forbes, alleged forger, chased from Valdez, Alaska, through Seattle and Portland to Hite, Utah, where he was captured in a barricaded cabin in the desert, was sentenced to seven years in McNeil Island penitentiary by the United States district court in Valdez, according to information received by Captain Thomas B. Foster, head of the northwestern secret service, and announced today.

FRENCH WITHDRAWING TROOPS FROM GERMANY

PARIS, May 15.—(By The Associated Press).—Withdrawal of the French troops from the Frankfurt and Darmstadt regions, it is understood, has already been begun, although formal orders for complete evacuation of this territory have not been issued by the French government.

BLUEBEARD'S TRIP TO PRISON WILL BE MADE SECRET

LOS ANGELES, Cal., May 15.—James P. (Bluebeard) Watson who was transferred from the county hospital to the jail yesterday to await removal to San Quentin prison, spent a restless night and declined to eat the food offered him this morning.

Watson, recently sentenced to life imprisonment for the confessed murder of Nina Lee Deloney, has completed his statements about the nine women he is alleged to have murdered, and has also conferred frequently with his attorney about the settlement of his business affairs. Sheriff Cline has kept secret the time of Watson's probable departure for prison, but said he would be taken away today or tomorrow, making the first stage of the journey by automobile.

EXPORTERS ASK CHANGE IN U. S. TRADE POLICY

Broad Program to Build Up Overseas Traffic Adopted at San Francisco

SAN FRANCISCO, May 1.—Immediate adoption of a peace treaty safeguarding rights of American citizens, and return of control of the American merchant marine to private ownership and operation were striking features of a national program for foreign trade adopted today at the closing session of the seventh annual foreign trade council convention here.

More than 2500 active leaders in foreign trade unanimously adopted the broad program urging changes in governmental policy to enable Americans to compete with other nations with equality in all foreign countries.

The convention closed after four days of intensive study of all problems relating to international commerce from the American standpoint, and the program was a digest of needs to improve trade as suggested by specialists in these problems.

Many Points Urged.

Among points urged were the following:

As collateral influences in the program of expansion of exports and imports, it is important that all interests of producers generally should be safeguarded and maintained on a fair and equitable basis; that production should be increased to the maximum in order to restore normal conditions of employment and living.

"We should build ships for the world markets, as well as for our own requirements. There is no reason why American ships should not again be among the largest of our exports. Marine insurance can be best carried on by private enterprise. The appropriations for the maintenance of the United States tariff commission should be increased, and its investigations supported by congress and the business public.

Waterway Developments.
"Continued development of international and waterways is necessary to the perfection of economic trade routes.

"There should be reorganization of the foreign service of the government as well eliminate any duplication of effort, and enable it continuously to perform that effective work essential to the fullest development of our foreign trade."

Need of adequate cable, mail and wireless service to every section of the globe is a prime essential and should be the base of a systematic policy of the government, the program declared.

FURTHER FIGHT AGAINST CASH BONUS LIKELY

Advocates of Retroactive Tax on Dividends Will Renew Efforts

FOUR WAYS OF TAXING NATION ARE OUTLINED

Hope to Raise Half Billion by Measure Effective Next December

WASHINGTON, May 15.—On a tie vote, with one member absent, Republican supporters of a stock dividend tax to finance soldier relief legislation in the house ways and means committee today lost their fight for a ten per cent levy, retroactive to last March 15. The majority members of the committee divided seven to seven.

The fight, proponents of the tax said, would be renewed next week when Democrats of the committee meet with the Republicans to take final action on the relief bill, the drafting of which was completed today by the Republicans. The sales tax has been eliminated, and the four other forms of taxation extended to three years instead of two.

Cash Bonus Fight.
A further fight in committee against the cash bonus, the maximum limit of which is now fixed at \$500 for service in this country and \$625 for overseas service, is threatened. Besides the bonus, the bill offers four options the value of each to be forty per cent greater than that of the cash provision.

The bonus would be fixed at a rate of \$1 a day for service in this country and \$1.25 a day for overseas. The optional benefits are paid up on the reimbursement, home aid, reclamation of land for farms and vocational training aid. Taxes proposed to add \$500,000,000 a year to government revenues for the next three years, would be effective next December as follows:

Incomes to Be Hit.
A new sur-tax levy on incomes exceeding \$5000; one per cent of amount between \$5000 and \$10,000; two per cent on that between \$10,000 and \$25,000 and three per cent on that exceeding \$25,000.

A levy of two cents on each \$10 of exchange transactions in stocks and bonds and deals in futures of grain and products.

A tax of 25 cents for each \$50 of real estate sales. Increase of 15 per cent in existing taxes on tobacco and cigars.

Payments of the bonus would begin July 1, 1921, and be made in quarterly installments of \$50 each.

NEAR 300,000 TEXTILE WORKERS GET RAISE

BOSTON, Mass., May 15.—A wave of wage advance announcements to become effective May 31, rolled in today from New England textile centers indicating that the increase would extend to virtually all the 300,000 textile operatives in the district. Where ever the amount of the advance was definitely stated it was fifteen per cent.

This will bring the level of textile wage more than 100 per cent higher than four years ago.

"REVENUE" HAUL AWAY HIS PRIVATE STOCK

SACRAMENTO, Cal., May 15.—Four men entered the home of Thomas Kennedy here last night, told him they were revenue officers and proceeded to load into a waiting automobile his private stock of liquor valued at \$1000. The men then forced Kennedy to accompany them to the city's outskirts and left him to walk home, where he arrived after midnight.

Prohibition enforcement officers today disclaimed knowledge of the raid and said the men were impostors.

BERLIN BARBERS OFFER THEIR SERVICES FREE

BERLIN, May 15.—The men of Berlin are offered free shaves, hair cut, singes and shampoos and the women free hair washes, waving and curling by the striking hair dressers, who have opened forty temporary establishments in the city with a view of serving their old customers.

'IN DUTCH' AGAIN

Charles W. Morse

WASHINGTON—Charles W. Morse is "in dutch" again. With W. G. Mitchell, steamship captain, he has been indicted by the federal grand jury, on a charge of conspiring to sell the steamship John D. McCullough to a foreign government while the U. S. was at war. Morse pleaded not guilty. Conviction for the offense is five years in Atlanta, or a \$5000 fine, or both. When the same Morse was in federal prison for frenzied financial transactions, some years ago, it was announced he had but a short time to live, and President Taft pardoned him.

AGREEMENT ON WAR INDEMNITY EXPECTED TODAY

French and British Meet in Negotiations on Amount Due From Germany

BIETH, England, May 15.—"Negotiations are proceeding satisfactorily; no decisions have been arrived at but the conference will be resumed tomorrow and important decisions are expected then."

This announcement was made tonight by Lord Riddell, spokesman of the British government, after adjournment at 8:30 o'clock tonight of the meeting between the French and the British ministers to consider certain points in the peace treaty.

Early in the day it was announced that the conference would end tonight but delay was caused by the French financial proposals. The French version of the receipt of these proposals this morning was that they had been agreed upon; the English version that they were provisional proposals.

The financial advisers were chiefly in evidence this forenoon. The members of the French delegation declared they had no doubt their proposals would be adopted for tomorrow for fixing the amount of the German indemnity and a speedy and adequate payment on account to France.

EX-EMPEROR SLIPS BY PRESS AND MOVIE MEN

DOORN, Holland, May 15.—(By The Associated Press).—Former Emperor William arrived here from Amerongen this morning. He outwitted a number of journalists and moving picture photographers, who were waiting at one entrance of the exile's new home, by slipping through another.

N. Y. BARBERS TO STRIKE: WILL PROTECT PUBLIC

NEW YORK, May 15.—Union barbers in New York who voted to strike on Monday for higher wages, have decided to protect the innocent party in the controversy—the public—as much as possible.

Any man who wants tonsorial service has only to telephone union headquarters and a barber will appear at the home, club or store. The barbers will charge only the usual fee.

SAFE CONDUCT OFFER MADE TO OLD PRESIDENT

Obregon Sends Messenger to Carranza Telling Him He Won't Be Harmed

REVOLUTIONARY CHIEFS LIKELY TO QUARREL

American Business Men Watch Attitude of Notorious Tribute Collector

MEXICO CITY, May 15.—(Via Laredo, Tex. Junction).—Governor de la Huerta was called upon today to summon the national congress to name an interim president at a meeting held at the national palace tonight attended by numerous leaders of the Liberal revolutionary movements.

Generals Obregon and Gonzales were among those present at the meeting. Huerta was selected to summon congress as leader of the Liberal revolutionists. Those present at the meeting pledged themselves to accept the interim president regardless of his political beliefs. General Obregon was selected as commander of the Liberal revolutionists in the federal district.

WASHINGTON, May 15.—Venustiano Carranza, constitutional president of Mexico, was pictured today by Alvaro Obregon, who forced him to flee from the capital a week ago, as a fugitive in the mountains somewhere between Mexico City and Vera Cruz.

Official reports on the fight near San Marcos, between the revolutionary forces and a few loyal detachments of Carranza's army, were lacking, but press dispatches from Vera Cruz also told of Carranza's escape through the revolutionary lines, apparently setting at rest all reports of the deposed leader's surrender.

Carranza Pursued.
There were indications that the revolutionists attack had not been pressed due, it was believed, to Obregon's orders. Obregon had sent a messenger to Carranza to offer him safe conduct to leave the country if he desired to surrender, and strict injunction was placed on the revolutionary officers not to injure the aged president if he was captured.

Obregon's report said Carranza, accompanied by a small escort was making for the surrounding mountains, but that he was being pursued.

While American officials regard the escape of Carranza as the possible basis for a counter uprising, the belief that he would be able to avail himself of the opportunity was not widely expected.

A greater possible menace to the revolutionary government, it was said, appeared to lie in the adjustment between revolutionary leaders, Pablo Gonzales, Obregon, Adolfo de la Huerta, Antonio Villarreal, Manuel Palafox, and others.

Americans Interested.
A clear understanding on this hardly could be expected by May 24, the date announced for the convening of the special session of congress, when a provisional president is to be named. It was said revolutionary representatives repeated their assertions that Palafox, who has collected tribute from oil operators about Tampico for four years in defiance of the Carranza government, is in accord with the new revolution and its leaders. American business men are observing his attitude with sharp interest, the more so since there is now due in the oil region nearly \$2,000,000 in taxes. These have not been paid, producers awaiting more definite indication, it was said, as to who would receive payment.

Some progress toward a restoration of communication lines in Mexico was reported today. There is now working out of Mexico to the border one land wire through El Paso. The wires through Piedras Negras have been extended southward as far as Saltillo, but those south from Laredo are on the ground for miles. Wireless and cable have not proved available to a great extent, even for government business.

The failure of the Chapultepec wireless at Mexico City to function with any degree of accuracy was attributed to inexperienced operators. The cable to Mexico City has been out of commission because of the fighting near San Marcos, through which its land wires pass, but the cable company has sent forward repair gangs.

U. S. MEN PROBING MYSTERY DEATH ON UNION PACIFIC

DENVER, May 15.—Agents of the bureau of investigation of the department of justice and narcotics squad of the bureau of internal revenue are investigating the mysterious death of a man believed to have been Ernest Millard of San Francisco, in a Pullman car near Rawlins, Wyo., early Friday morning, it was announced here today.

The man, who was said to be traveling under the name of Fred Gordon, is thought to have died from the effects of a drug. Whether the drug was self-administered has not been determined.

The name Ernest Millard was found on a cigaret case in his pocket. It also bore the words San Francisco. The party was bound for Indianapolis.

WAR TIME ACT URGED TO AID RAIL DISTRESS

Worst Freight Congestion Since 1917 Finds Roads Crying for U. S. Help

WASHINGTON, May 15.—The government was asked today to take "emergency action" similar to that taken when this country entered the war to help dig the railroads out from under the worst freight congestion since 1917.

A joint appeal to the interstate commerce commission by the Association of Railway Executives and the American Railroad association declared the freight jam to be such as to "warrant and require" immediate use of the commission's broad powers under the transportation act in checking a "menace" which had assumed threatening proportions.

Like War Time.
Common use of equipment, and embargoes, priorities and diversions of shipments were urged by the railroads as means which the commission could employ to remedy the situation. The roads ask, also that they be allowed to curtail passengers if necessary, but indicated this would be done only in the extreme cases.

While the present conditions continue, the appeal says, carriers should be relieved from operations of state and federal laws which hamper them in meeting the demands upon them.

In Bad Shape.
The railroad officials represented to the commission that there was no immediate hope of obtaining ample equipment and that the volume of commodities being offered for transportation permitted no time for proper repairs. The labor situation has augmented the difficulties and does not permit improvement, they said. The unauthorized strike of switchmen, the petition stated, had contributed to the "growing public distress" on account of delayed movement of freight.

There was no indication tonight as to the commission's course. Its full powers under the transportation act have not been employed as yet. Officials expressed a desire to "go the limit" but hinted they did not know where this might lead.

BUTTE'S STREET CARS DUE FOR LONG IDLENESS

BUTTE, Mont., May 15.—Operation of street cars in this city suspended since last Monday by a strike of the workmen's union, probably will not be resumed for some time, according to a statement made today by J. R. Wharton, manager of the street railway company.

He declared that when operation is resumed it will be under "some system" that will insure reduced expense and increased revenue, and that it will take several weeks to work out a plan on that basis. The company lost \$87,805 last year, he said.

WILSON CERTAIN TO VETO BILL FACTIONS ADMIT

Few Thrills and No Hitch as Resolution Goes Through Machine

THREE ON DEMOCRATIC SIDE JOIN REPUBLICANS

Walsh Speaks For, and Hitchcock Against, Plan To Bring About Peace

WASHINGTON, May 15.—With few thrills and no hitch in the pre-arranged program the senate adopted today 43 to 33 the Republican resolution declaring the state of war with Germany and Austria-Hungary at an end.

The measure was in the form of a substitute for the peace resolution recently adopted by the house, which dealt with Germany alone. The two proposals will be adjusted in conference beginning next week, the result to be endorsed by both houses and the final resolution to be sent to the president for signature.

That the president will veto is a foregone conclusion, unchallenged by any speaker during the debate in the house or senate. It is uncertain when the final resolution will reach the White House, but Republican leaders anticipate no difficulty in putting through a conference draft with little delay. The senate substitute goes to the house Monday.

The senate vote today gave the majority of five predicted by Democratic leaders for the Knox substitute and the party alignment was about that anticipated. Three Democrats, Reed of Missouri, Shields of Tennessee and Walsh of Massachusetts, joined with the Republicans in supporting the resolution. Two Republicans, McCumber of North Dakota, who was paired and Nelson of Minnesota, lined up with the Democratic opposition.

Predictions by leaders on both sides that the treaty of Versailles would remain in its present unratified position indefinitely were made during the debate. Senator Underwood of Alabama in his first speech in his role, as Democratic leader, declared the Republicans apparently had "foreclosed" action on the treaty for the present session of congress. From the Republican side, Senator Harding, Republican Ohio, declared the resolution was a demonstration against "one man rule" of President Wilson.

The resolution was denounced as "futile, impotent, useless and done for no other than political purposes, to deceive the people," by Senator Hitchcock, of Nebraska, administration spokesman. He also reiterated, against Republican denials, that President Wilson's pronouncements had "pledged" the nation to the league of nations.

Senator Walsh of Massachusetts, in explaining to the senate his vote in support of the Knox resolution, said: "In my opinion the treaty of Versailles is so full of internal injustices, that it is a service to our country to do whatever we can to prevent ratification in its original form."

The Knox resolution, he added, "was the only constructive measure suggested tending to remove the chaotic state of the country," and protested against his party being compelled to make any such defense in the next election of the "international injustice and robbery" which he said, had been placed in the treaty.

WELCOME DROP IN FLOUR IS RECORDED

MUNNEAPOLIS, Minn., May 15.—Flour dropped 60 cents a barrel to \$15.25 here today, marking the second decline this week. A lower wheat market is the reason for the drop, it was said.

Subscribers' Notice

The delivery route of the Standard-Examiner in Ogden Canyon has been established for the summer. Subscribers moving to the canyon may have the delivery of their paper transferred there by calling 2450.
